Report - Field Visit to Thunki, Medak

With prior scheduling the events in the presence of our beloved Principal Sir “ Dr. V. Rama Mohan Gupta and with the kind support of our Chairman garu “Ch. Sathi Reddy” and Director garu, Ch.Aditya Reddy” Field visit to Thunki, Medak was conducted on 06-09-2023 to create reinforce experiential and contextual learning.

The field visit or field trip is an educational procedure by which each student gain or learn information by observing the objects, places, natural events and other real-life information. The main objective of the field visit is to reinforce experiential and contextual learning.

It enables one to comprehend various geographical concepts and elements easily. To interact with local people: It also provides an opportunity to directly interact with the local people and understand their problems. It is extremely useful for understanding the correlation between humans and the environment.

The main aim of KVK-Medak is to reduce the time lag between generation of technology at the research institutions and its transfer to the farmer's field for increasing production, productivity and income from the agriculture and allied sectors on a sustained basis with emphasis on non-chemical methods of Soil fertility and Pest management. In order to achieve this goal, four mandates have been envisaged in the design of the Krishi Vigyan Kendra.

Herewith, we are attaching few photographs of Field visit.
