Report on PCOD/ PCOS/ CPR/ Safety Protocol

NSS Unit of Pulla Reddy Institute of Pharmacy in association with **Prime 9 Health team** have organised a awareness programme on **Polycystic Ovarian disease / Cardiopulmonary resuscitation and Safety Protocol** on 19.09.2024 in the college campus. In this regard, the Institute has invited the Dignitaries like

1. Dr.L.Soujanya Kunapareddy, Consultant General Physician specialised in Diabetes and Lifestyle medicine.
2. Dr. Balaji Vidadala, Professional Psychologist.
3. Dr. Kishore Kumar, CEO Prime 9 & promoter and CEO of GVSK group of companies.
4. Dr. Shaik Farheen, Aesthetic Physician.
5. Dr. Farheen qureshi, Gynecologist.

The distinguished guests have given their valuable suggestions and inputs on the topics. They highlighted the importance of PCOD / PCOS / CPR training techniques which are crucial in emergency situations.

It is widespread hormonal disorders that affect the lives of countless women worldwide. Both conditions have significant impacts on a woman's reproductive health and overall well-being. Polycystic Ovarian Disorder (PCOD) is a medical condition in which a woman's reproductive organs excessively produce immature or partially mature eggs during the reproductive age. These eggs then develop into cysts in the ovaries over time. As a result, the ovaries become enlarged and produce excessive quantities of male hormones (androgen), which can lead to fertility issues, irregular menstrual cycles, undesired weight increase, and various other health complications. All the students and faculty members have actively participated in the programme. Apart from this NSS volunteers had participated with enthusiasm.

Herewith we are sharing few glimpses of the event.

1. Inauguration by Dr. Balaji Vidadala and Dr. Kishore Kumar
